

Fraud, Waste and Abuse

If you suspect fraud, report it!

There are three types of fraud:

FRAUD

When someone tricks or deceives others on purpose to get money or personal benefits illegally.

Examples:

- Using someone else's Medi-Cal for services.
- When a doctor submits bills for a service that he/she did not provide

WASTE

Using medical resources carelessly or inappropriately.

Examples:

- Providing more services or prescribing more medication than what is medically needed or appropriate.

ABUSE

Purposely ignoring or going against the natural and legal rules for how something should be used.

Examples:

- Providing services or medications that are not medically indicated or necessary.
- Disclosing a patient's personal health information without consent.
